Projects

iHealth
(09/2023 - Present)

Name	iHealth
Descriptions	Website for health
Number of members	5
Position	Web developer (CMS, Backend)
Responsibilities	-FrontEnd: + Build page, router, custom component + Coding chart, statistic + Call api for list, create, update, delete, booking -BackEnd: + Build entity, modules + Crud api + Auto create notification and send notification for webapp
Technology in use	- Frontend: ReactJS (CMS), Flutter (App user) - Backend: NestJS, Websocket, Mongodb, MariaDB, Redis - Library: Antd, scss, socket, apexchart, react-query

Spa
(07/2023 - 10/2023)

Name	Spa
Descriptions	Website for spa
Number of members	3
Position	Fullstack developer
Responsibilities	-FrontEnd: + Manager booking: time-line, create, update booking infomation, bill + Manager customer, store, trainer, service -BackEnd: + Build entity, modules + Crud api
Technology in use	- Frontend: ReactJs - Backend: NestJs, MariaDB - Library: Antd, scss, react-query

Baychat
(03/2023 - 10/2023)

Name	Baychat
Descriptions	Website linked to third parties for chatting, manager, …
Number of members	4
Position	FrontEnd developer
Responsibilities	- Chat realtime - Manager task, trouble - Responsive pc, tablet, mobile
Technology in use	- Frontend: ReactJs (CMS, user) - Backend: NestJs, MariaDB, Websocket - Library: Antd, scss, socket

GoodLife
(06/2022 - 01/2023)

Name	GoodLife
Descriptions	Website to advertise flyers
Number of members	4
Position	Fullstack developer
Responsibilities	-FrontEnd: + Manager templete, page, product, faq, … + Display list product, templete, faq, … + Responsive pc, tablet, mobile -BackEnd: + Build entity, modules + Crud api
Technology in use	- Frontend: ReactJs (CMS), NextJs (User) - Backend: NestJs, MariaDB - Library: Antd, scss, redux

Creseniii
(04/2022 - 07/2022)

Name	Creseniii
Descriptions	Website is same as Trello
Number of members	3
Position	FrontEnd developer
Responsibilities	- Manager task, KPIs, drag and drop task with order and status - Responsive pc, tablet, mobile
Technology in use	- Frontend: ReactJs - Backend: Nestjs, MariaDB - Library: Antd, scss, redux

Education

2018 – 2022	Ho Chi Minh City University of Foreign Languages and Information Technology (HUFLIT) **Major -** SOFTWARE ENGINEERING Level - Good (GPA: 7.6/10)
